WATERPROOF

YOUR NEAREST MERCHANT:

WALTHER STRONG®

Our premium conformable tape is engineered for both rough and smooth surfaces, making it ideal for demanding applications.

It securely holds plastic sheets in place during rendering, even in strong winds and heavy weather conditions.

With a specialised adhesive, it leaves no residue, guaranteeing clean surfaces and strong, straight edges for excellent rendering and colour separation.

Rough Surface Tape has 70% more adhesive surface contact compared to standard duct tape

- Durable
- Weather-proof
- Heavy duty
- 30 days no residue
- Easy tear
- Suitable for multiple surface types
- Completely UV stable
- Can be used on rough and smooth surfaces
