WALTHER STRONG®

Our Smoothing Spray is a ready-to-use, solvent-free solution designed to deliver flawless silicone joints with ease. Ideal for construction, glazing, plumbing, and interior finishing, it ensures a smooth, streak-free finish every time.

The formula accelerates surface curing, is biodegradable, and safe for most surfaces—making it a reliable tool for professionals who demand clean, precise results without the mess.

PERFECT WITH OUR RILICONE AND JOINT SPATULAS

1 - RILICONE

Apply RILICONE Premium Silicone in an even bead

2 - SMOOTHING SPRAY

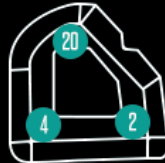

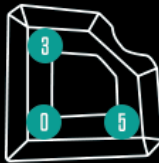

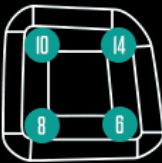

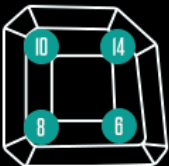

Spray silicone bead evenly with Smoothing Spray

3 - JOINT SPATULA

Select from 16 finishing beads, then run the chosen spatula edge firmly along the silicone, pressing firmly

Allow silicone to fully cure (24 hours) before coming in contact with water

HAVE YOU SEEN OUR JOINT SPATULAS?

The numbers represent the size (in millimetres) of the finished silicon bead, whether it is square, round, or flat.

Specifically designed to press the sealant into the joint to create a complete water-tight seal.
