

## Section 1 - Identification of The Material Manufacture

### Company Details:

Walther Strong & Company Ltd  
Unit 3, Dysart Road  
Autumn Business Park  
NG31 7DD

**Phone:** 01780 437222

**Website:** [www.waltherstrong.com](http://www.waltherstrong.com)

**Email:** [enquiries@waltherstrongandco.com](mailto:enquiries@waltherstrongandco.com)

## Section 2 - Product Description

Trim Tape is a heavy-duty, double-sided adhesive tape specifically designed to secure UPVC trims, especially in outdoor settings. It's made with a UV-stable, weather-resistant foam and a strong hybrid adhesive, allowing it to bond tightly to smooth UPVC surfaces where most adhesives fail. The result is a permanent, reliable fix for exterior trims without the need for screws or messy glues.

PRODUCT CODE	PRODUCT DESCRIPTION	BOX QTY
WS-TRIMTAPE20X10P	20MM X 10M	12

## Section 3 - Key Features

- Heavy-duty double-sided tape for strong, lasting adhesion
- 100% UV stable – won't crack or degrade in sunlight
- Ideal for exterior use
- Bonds to smooth UPVC surfaces
- Permanent fixing solution
- Made with exterior-grade polyethylene foam and hybrid adhesive

**Section 4 - Technical Details**

TEST METHODS		VALUE
Adhesive Type		Pressure Sensitive Hot Melt
180 degree peel adhesion		> Internal strength of foam
Foam density		67
Shore hardness		46
Force to compress by 25%		44
Liner release		10
Tensile strength	MD	1140
	CD	775
Elongation at break	MD	265
	CD	320
Service temperature		-20 to +70
Recommended application temperature		+5 to +25
UV resistance		Moderate
Fungi resistance		Excellent
Weather resistance		Moderate
Shelf life		12
